

agency goals

UCP OREGON 2020-2023

LIFE ENHANCEMENT

We envision a new service that supports our customers across their lifespan (babies, teens, adults and elderly) and across all aspects of their lives.

FUNDING & FUNDRAISING

We envision diversification of our funding sources to become less dependent on government funding.

COMMUNITY RELATIONSHIPS & EDUCATION

We envision enhancing our "intentional education" efforts to better equip people and organizations on how to support, interact with and empower people who experience I/DD.

ADVOCACY

We envision supporting UCP customers as they advocate for themselves and the disability community at the local and state levels.
